

The Federal Communications Commission

Dear The Federal Communications Commission,

Please don't pass a flat fee for Universal Service Fund.  
This will make my current service unaffordable.

Under the flat fee proposal you are considering, people who make few long distance calls would pay the same as people or businesses that make many calls. This is a regressive tax. An unfair tax.

I use my wireless phone for safety, security and convenience. I don't want to lose these benefits.

Oppose the expansion of the USF.

jeff hoerr mapleton, IL

Sincerely,

jeff hoerr
